

Toms River

Bicycle & Pedestrian Plan

Tuesday, February 5, 2019

6:00 – 9:00 p.m.

**Cafeteria, Toms River
East High School**

Visioning Workshop

Please join us:

To learn about the Toms River Bicycle and Pedestrian Plan which will comprehensively identify opportunities to create, enhance, and expand walking and bicycling facilities throughout the mainland portion of the township. The plan will advance Toms River's vision for safe bicycle and pedestrian travel and identify a bicycle and pedestrian network that links key destinations to encourage more people - of all ages and abilities - to choose healthy transportation.

Can't make it to the February 5th workshop? Join us at the February 13th workshop at the Media Center, Toms River North High School from 4:00 - 7:00 p.m. The format and contents of both workshops will be the same.

The Toms River Bicycle and Pedestrian Plan is expected to be developed during the early spring of 2019 and be completed by July 2019. The public will be continuously engaged during this project through the involvement of a project Steering Committee and outreach efforts including this public visioning workshop, public open house, project website, interactive mapping site, and a public information center.

**This is an OPEN HOUSE! Stop by when you can
(between 6:00 - 9:00 p.m.) and leave when you like.**
