

OCEAN COUNTY SOIL CONSERVATION DISTRICT

714 Lacey Road Forked River NJ 08731

Telephone: (609)971-7002 Fax: (609)971-3391

GENERAL NOTES

1. Tract area: acres.
2. Area of disturbance: acres.
3. Site soils (give soil type):
4. Site is wooded or developed:
5. All soil erosion and sediment control devices are to be installed, in their sequence, before any major soil disturbance takes place, and such devices must be maintained until permanent protection is established.
6. Any disturbed areas that will be left exposed more than thirty (30) days, and not subject to construction traffic, must immediately receive a temporary seeding in accordance with the temporary stabilization schedule. If the season prevents the establishment of a temporary cover, the disturbed areas are to be mulched with straw or equivalent material at a rate of two (2) tons per acre, according to the Standards for Soil Erosion and Sediment Control in New Jersey.
7. Permanent vegetation must be seeded or sodded on all exposed areas within ten (10) days after final grading. Mulch must be used as necessary for protection, until seeding is established.
8. All work must be done in accordance with the Standards for Soil Erosion and Sediment Control in New Jersey.
9. At the time of preparation for stabilization, soil that will not provide an adequate environment for permanent vegetative groundcover must be removed or treated in a way that will adjust the soil and render it suitable for vegetative groundcover. If removal or treatment will not provide suitable conditions, non-vegetative means of permanent stabilization will have to be employed.
10. Because NJSA 4:24-39 Et. seq. stipulates that a Certificate of Occupancy cannot be issued by a municipality unless the provisions of a certified plan for soil erosion and sediment control have been met, all site work for site plans and all work around individual lots in subdivisions must be in compliance with certified plans for soil erosion and sediment control before the Ocean County Soil Conservation District will issue a Report of Compliance which precedes a municipality's issuance of a Certificate of Occupancy.
11. Permanent groundcover on all unpaved areas of the site must be in accordance with certified soil erosion and sediment control plans and regulations.
12. The applicant must notify the Ocean County Soil Conservation District, in writing, at least 48 hours before initial land disturbance.
13. All areas disturbed for sewer and water lines must be stabilized immediately after the pipeline installations.

Be advised that the above notes are general notes and that additional notes, such as sequence of construction, specific notes for erosion control measures and for stabilization will also be required on the soil erosion and sediment control plans submitted to the Ocean County SCD.

For District Use Only

Application Number

APPLICATION FOR SOIL EROSION AND SEDIMENT CONTROL PLAN CERTIFICATION

The enclosed soil erosion and sediment control plan and supporting information are submitted for certification pursuant to the Soil Erosion and Sediment Control Act, Chapter 251, P.L. 1975 as amended (NJSA 4:24-39 et. seq.) An application for certification of a soil erosion and sediment control plan shall include the items listed on the reverse side of this form.

Name of Project		Project Location: Municipality	
Project Street Address		Block	Lot
Project Owner(s) Name		Phone # Fax #	
Project Owner(s) Street Address (No P.O. Box Numbers)		City	State Zip
Total Area of Project (Acres)	Total Area or Land to be Disturbed (Acres)	No. Dwelling or other Units	Fee \$
Plans Prepared by*		Phone # Fax #	
Street Address		City	State Zip
*Engineering related items of the Soil Erosion and Sediment Control Plan MUST be prepared by or under the direction of and be sealed by a Professional Engineer or Architect licensed in the State of New Jersey, in accordance with NJAC 13:27-6.1 et. seq.)			
Agent Responsible During Construction			
Street Address			
City	State	Zip	Phone Fax #

The applicant hereby certifies that all soil erosion and sediment control measures are designed in accordance with current Standards for Soil Erosion and Sediment Control in New Jersey and will be installed in accordance with those Standards and the plan as approved by the Soil Conservation District and agrees as follows:

- To notify the District in writing at least 48 hours in advance of any land disturbance activity. Failure to provide such notification may result in additional inspection fees.
- To notify the District upon completion of the Project (Note: No certificate of occupancy can be granted until a report of compliance is issued by the District.
- To maintain a copy of the certified plan on the project site during construction.
- To allow District agents to go upon project lands for inspection.
- That any conveyance of this project or portion thereof prior to its completion will transfer full responsibility for compliance with the certified plan to any subsequent owners.
- To comply with all terms and conditions of this application and certified plan including payment of all fees prescribed by the district fee schedule hereby incorporated by reference.

The applicant hereby acknowledges that structural measures contained in the Soil Erosion and Sediment Control Plan are reviewed for adequacy to reduce offsite soil erosion and sedimentation and not for adequacy of structural design. The applicant shall retain full responsibility for any damages which may result from any construction activity notwithstanding district certification of the subject soil erosion and sediment control plan. It is understood that approval of the plan submitted with this application shall be valid only for the duration of the initial project approval granted by the municipality. All municipal renewals of this project will require submission and approval by the district. In no case shall the approval extend beyond three and one half years at which time resubmission and certification will be required. Soil Erosion and Sediment Control Plan certification is limited to the controls specified in the plan. It is not authorization to engage in the proposed land-use unless such use has been previously approved by the municipality or other controlling agency.

<p>1. Applicant Certification*</p> <p>_____ Signature Date</p> <p>_____ Applicant Name (Print)</p>	<p>3. Plan determined complete:</p> <p>_____ Signature of District Official Date</p>
<p>2. Receipt of fee, plan and supporting documents is hereby acknowledged:</p> <p>_____ Signature of District Official Date</p>	<p>4. Plan certified, denied or other actions noted above. Special Remarks:</p> <p>_____ Signature of District Official Date</p>

*If other than project owner, written authorization of owner must be attached:
