

YOU'RE INVITED!

SEPTEMBER
24
6 PM to 8 PM

Virtual Public Information Center TOMS RIVER WATERFRONT & SURROUNDING AREA STUDY

Ocean County, in partnership with the Township of Toms River and the Federal Highway Administration (FHWA), will be hosting a Virtual Public Information Center to inform local residents, officials, businesses, and the general public of the status of the Toms River Waterfront & Surrounding Area Concept Development Study.

The purpose of this Virtual Public Information Center is to inform the public of the project, the project's progress to date, to solicit public input, and to provide information on how the public can stay informed and involved with the project as it moves into the next stages of the study. Due to COVID-19, this meeting will be held virtually via GoToWebinar.

This meeting is being conducted in conformance with Federal and State regulations, and is open to all members of the public via internet and phone. Following a brief presentation the public is invited and encouraged to ask questions, and provide comments. County and support staff will be available online to answer any questions throughout the scheduled time period. To ensure that all who are unable to attend also have ample opportunity to review and provide feedback the presentation will be recorded and immediately uploaded on <https://www.tomsriverdowntownstudy.com> for a public comment period of seven (7) days. We look forward to your attendance and participation.

**Those who listen to the presentation via toll-free phone call may provide questions and comments via the project website <https://www.tomsriverdowntownstudy.com> or regular mail to "Mark F. Jenke, Assistant County Engineer, Ocean County Engineering Department, 129 Hooper Ave 3rd floor, Toms River, NJ 08754".*

Get involved & Visit our project website to sign-up for updates!
